Your Opportunity Four 4-day workshops in one year

In one year become a certified *Personal Transformation Intensive*® Leader, certified by The Wellness Institute to create, enroll, and lead *Personal Transformation Intensive*® groups.

In this program, group members experience continued personal growth and healing, focusing on the shock/trauma continuum, shadow work, and group dynamics. We also continue developing clinical skills including intuition, energy management, facilitation of altered states of consciousness, inclusion of spiritual and soul levels, and exploration of transpersonal realms such as conception, the womb, dreams, past lives, and the interlife.

This is advanced work on both the personal and professional levels. Your intention can be either one or both. Your life purpose will become more clear, and the means of fulfilling it more tangible.

The PTI Leadership Training Program Understanding and Agreement

I recognize that the PTI Training is structured to build on each of the four Workshops as an integrated whole experience. Therefore, I am agreeing to attend all four over this year. I understand that at the completion of the *Personal Transformation* Training Program and Institute approval based on supervision, I will receive the Certification of *Personal Transformation Intensive* facilitator.

I understand that the purpose of the *Personal Transformation Leadership* Training Program is both personal growth and professional training. Therefore, I anticipate that I

- will have the opportunity to continue to process my own issues at the deepest level, and to observe, practice and learn more advanced clinical techniques.
- will learn to facilitate a group experience of Breath Therapy, a therapeutic form of breathwork which is highly effective in healing “birth issues”, releasing energy blocks, gaining personal clarity, and deepening the spiritual connection.
- will learn to supervise group experiences of *Heart-Centered Hypnotherapy*.
- will learn how to create a very loving and safe atmosphere for my PTI clients through working from *The Heart Center* and unconditional love.
- will learn to facilitate group experiences of Energetic Psychodrama.
- will learn to be more effective with group dynamics and groupwork.
- will achieve a high level of *personal clarity* and be able to manifest my goals. I will become a valued member of a highly supportive Network of high energy professionals.

To promote my safety and the safety of all others in the group,

I, _____, agree to the following commitments:

1. I will treat everything and everyone in this group with respect and confidentiality.
2. I will attend every group session in order to receive certification. If, in the event of an extreme emergency, I am forced to miss a group, I understand that it is up to me to create an agreement with the trainers to make up what I have missed.
3. I understand that my resistance or fear may come up and cause me to want to run or drop out. If that happens, I agree to talk to my Master Mind partners, group members, and the trainers, and to attend the group workshop to work through my feelings.
4. I will not abandon myself or the group regardless of what my *false-ego* may “think”.
5. I will not consume drugs or alcohol during the training or for three days before and afterward.
6. I understand that this is a one-year commitment and that my tuition is non-refundable.
7. I agree that I will not be sexual or do any sexual behavior with anyone from the training during this one-year period.
8. I will keep myself safe and not hurt myself or get sick. If I do, I will attend my next group meeting and work to heal my mind/body issues.
9. I understand that I am totally responsible for my own process and I take full responsibility for my results. I know that I create my own reality and my own experience. I do not hold the Wellness Institute, its instructors, or any group members responsible for what I experience.
10. I understand that I am in retreat during the Leadership weekends, meaning I will refrain from telephone, email, and computer use. I understand this is for my benefit to maintain focus on my process and learning. I will discuss any use that I deem necessary with the program leaders.
11. I agree to the “1-2-3 Stop” Rule.
